2024-2027

**Alicia Sellés Carot**  
**Spain**

*[2nd Term]*

Federación Española de Sociedades de Archivística, Biblioteconomía, Documentación y Museística – FESABID (Spanish Federation of Archives, Libraries, Documentation and Museum Associations, Spain)

**a) How will you engage with EBLIDA Executive Committee members, the director and secretariat?**

First, I think that as Executive Committee members, I must be active and be part in the working groups and specific teams in which I can be useful.  
Second, I can be the connection with other European or Spanish organisations and I can help EBLIDA to extend & amplify actions to national or regional levels.

**b) What is the role of EBLIDA in today's changing European library community, in your opinion?**

EBLIDA is an important organisation being the umbrella and the connection between the national librarian associations and institutions and European level. The Work Plan of culture for Europe is a big challenge for the European library community. We need to be together and support and reinforce the library field and to take advantage of these opportunities (funding, public policies, legal framework –Key issues for EBLIDA).

**c) What relevant international experience do you have to bring to the Executive Committee?**

I had been an EBLIDA Executive Committee member for two terms (2015-2021) and last year I have come back to be the substitute of my colleague Elena. I have found a stronger and more engaged EBLIDA, and I think it's a good moment to work together with other European organisations in which I'm also involved (ERD IFLA).

On the other hand, I'm part of the international representatives from FESABID, working with international perspective together with the Spanish Ministry of Culture.

In my opinion, it is recommended that all parts of Europe will be represented in EBLIDA.
